VICTORIA SKIMBOARDS WORLD CHAMPIONSHIP OF SKIMBOARDING

The Year of the Repeat

Laguna Beach, CA – The Victoria Skimboards World Championship of Skimboarding (WCS) is the longest running skimboard contest on the professional tour with a groundbreaking resume. Just last year saw the introduction of the Women’s Professional division and the first ever LIVE video broadcast of a professional skimboard event, to name a few.

Year 2011 builds on previous success and will once again feature the Women’s Professional division, an improved LIVE video broadcast, and will showcase riders from over ten (10) countries around the globe battling for the title “world’s best.” General Manager for Victoria Skimboards, Trigg Garner states, “our contest has the biggest international draw of any on the professional circuit. It is great for those hometown heroes from different parts of the world to compete against the best of the best and be watched by a global audience via the web.”

Last year’s local stand out and contest winner, Morgan Just looks to repeat his performance and once again stand on top of the podium. In his way will be the likes of fourteen (14) time World Champion and current United Skim Tour champion, Bill Bryan, along with skimboarding’s premiere talents battling for top honors at world renowned Aliso Beach.

The pilgrimage for points, pride, and most of all RESPECT has been set. Grab the sunscreen, mark July 16-17, 2011 on the calendar and get ready for the next big thing to become current at the Victoria Skimboards World Championship of Skimboarding.
